Workforce Growth & Retention

Employer Membership Pricing & Included Leadership Group Seats

Memberships provide a shared annual pool of individual employee retention / intervention and future-leader coaching sessions, plus the monthly leadership group seat-sessions listed below.

Employer size	Monthly membership	Annual individual sessions	Included monthly group seat-sessions
Micro (1–15)	$210	20	1
Small (16–50)	$465	50	2
Midsize (51–100)	$750	80	4

What counts as one included group session?

One included leadership group session = one employee seat at one scheduled group meeting. The monthly allowances above are seat-sessions, not unlimited attendance or exclusive group classes. For example, Midsize includes four employee seat-sessions per month at no additional membership charge.

Leadership development

One-on-one future-leader coaching is available through the shared annual individual-session pool. Weekly leadership group meetings address practical supervisory and leadership skills, with topics rotating every two months.

Optional monthly leadership group add-on

$30 per employee group seat per month. Adds participation in weekly scheduled leadership group meetings, subject to availability and the membership agreement.

Program schedules, access and participation terms are subject to the executed membership agreement. Personal coaching is distinct from clinical mental-health treatment.
